

4 Courses

Introduction to Predictive Modeling

Optimization for Decision Making

Advanced Models for Decision Making

Simulation Models for Decision Making

Oct 24, 2023

**PRIYANSHU KUMAR SAW**

has successfully completed the online, non-credit Specialization

# Analytics for Decision Making

This specialization teaches learning to model and solve decision-making problems using predictive models, linear optimization, and simulation methods. By the end of this specialization, learners completed four different types of projects using analytics, modeling, and simulation techniques to prescribe and inform decisions for a wide range of business problems.

Soumya Sen  
Associate Professor  
Information & Decision  
Sciences

De Liu  
Professor  
Information & Decision  
Sciences

Alok Gupta  
Associate Dean of  
Faculty & Research of  
Carlson School of  
Management  
Professor  
Information & Decision  
Sciences

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
